

CADETS WILL GREET FEET

High School Boys to Represent City at Coming of Ships to San Francisco.

MEETING IS ENTHUSIASTIC
MATTER DISCUSSED BY CITIZENS
AT COMMERCIAL CLUB.

Two hundred and fifty Salt Lake High school cadets will aid in welcoming Admiral Rob Evans and the great fleet when the ships steam through the Golden Gate and drop anchor in the land-locked harbor of San Francisco on May 1.

This was unanimously decided upon at a meeting held at the Commercial club last evening and active preparations towards raising the \$3,000 necessary to send the boys to the coast were made.

The meeting was a most enthusiastic one, and everyone present spoke in highest terms of the high school boys and their knowledge of the art of drilling. It was freely stated that they are the best drilled military organization in the country and that no better advertisement of the city or state could be made than sending them to the coast.

Mayor John S. Burdett presided at the meeting and those present were: B. F. Redman, Dr. C. G. Plummer, Samuel C. Park, Captain E. A. Wedgwood, Dr. G. B. Proulx, Captain W. A. Webb of the cadet battalion, Principal George A. Eaton of the High school, D. A. Callahan, Joel L. Brown, William Nelson, LeRoy Armstrong and Fisher Harris.

Wedgwood Praises Boys.
Captain Wedgwood was the first speaker. He told of the great work which is being done in military science at the High school and said that the boys drilled far better than most companies of the regular army. He quoted Lieutenant Santachi of Fort Douglas as saying that not only the boys but the officers were beginning to equal the precision with which the cadets carried out their orders.

"The city should be proud of these boys," said Captain Wedgwood, "and if they go to San Francisco the reception which they will get will be unparalleled. These youngsters are perfect drillers, and no better advertisement for the city could be had than by sending them. They are all perfect gentlemen and I am willing to assure everyone that not a particle of trouble will be experienced in handling them. The national guard will furnish all the necessary tents and equipment for camping, and all we have to do is to raise the funds."

About \$3,000 Is Needed.
He estimated that it would take approximately \$12,000, and Captain Webb assured the gathering that the money to send the cadets could be raised at least \$3,500.

Dr. G. B. Proulx has consulted with the officials of the Oregon Short Line and Southern Pacific railroads and said that although at present it is impossible for them to give a rate lower than \$2.50 for the round trip, he is endeavoring to secure a reduction in a few days.

He said that it was planned to take a special train from Salt Lake on the Saturday afternoon preceding the arrival of the fleet at San Francisco, thus giving the boys a chance to go over the Lucin cut-off by daylight.

He also mentioned the fact that the boys would arrive at their destination Sunday afternoon, and that they would journey through California all during the day.

Camping Grounds Wanted.
It was suggested by Captain Wedgwood that some communication be sent to the people of the Golden Gate city concerning the coming of the boys, and Mayor Bradford was delegated to attend to this matter. Camping grounds either at Golden Gate park or the Presidio will be secured for the cadets.

Principal Eaton of the High school was one of the most enthusiastic supporters of the scheme. He said he was proud of his boys and that they would learn much more by such a trip than by "digging their noses in their books" for a similar period. He assured the meeting that the board of education would have no objection and said that he had already communicated with some of the members of that body and that they are all hearty in favor of the movement.

Captain Webb Talks.
Captain Webb was called upon and in a modest way declared that he could take care of the boys all right and would guarantee that they would be a credit to themselves and the city.

The others present also spoke, and the opinion was unanimous that the cadets must be sent to see the home-coming of the fleet.

On motion of Dr. Plummer all those present were appointed a committee to solicit funds to defray the expenses and it is thought that no difficulty will be experienced in securing the desired amount.

Another meeting will be held Wednesday evening at the Commercial club, at which time the members of the board of education will be asked to present. It was also hoped to have a report from the railway officials in regard to rates at that time.

WORK FOR TEMPERANCE.

An enthusiastic temperance meeting was held last evening in the Central Christian church, under the auspices of the Christian Endeavor society. The speaker of the evening was George A. Goodwin of the Anti-Saloon league. He spoke at length on the subject of temperance, giving many instances and statistics showing the evil of drink. He also told of the movement that is sweeping the country to do away with liquor resorts and the need of such laws in Utah.

James McLaughlin read a paper on temperance. A general discussion followed. A musical program was rendered during the evening.

Let Your Money Work
Time is passing and interest is a great factor in the accumulation of wealth.

This company offers you 6 per cent per annum on its DOUBLY SECURED Certificates of Deposit, issued in amounts from \$100 to \$5,000 each.

HARRY JOSEPH HAS GRIEVANCE

Will Prefer Charges Against Republican Senators Who Refused to Vote for Him.

THREE HAVE DRAWN FIRE
SMITH, LOVE AND LAWRENCE ARE MARKED MEN.

Benner X. Smith, Stephen H. Love and George N. Lawrence, all Republican members of the Utah senate, are to be tried by the Republican county committee on charges of political bribery that will be preferred by Harry S. Joseph, who was speaker of the last house of representatives.

That is to say, the trio of senators who have been dubbed independents because they antagonized a number of political issues originated by the dominant faction of the Republican party, are to be disciplined and disowned by Mr. Joseph makes good on his threat to file the charges and the county committee can be induced to pay any attention to them.

Mr. Joseph's special cause of complaint is that the three men voted as senators against confirming him as trustee of the state industrial school at Ogden. Mr. Joseph regards this action as a Republican and subversive of the principles on which liberty rests. It is over a year since the charges were made by the senators was cast, but Mr. Joseph has never forgotten the indignity. He might forgive the offense to him personally did he not believe that in his confirmation a sacred principle was involved. He was speaker of the house at the time; he had been and was in the entire confidence of the federal bench whose work he did in the house, and he was sufficiently prominent in the party to be mentioned for congressman or for governor, when such mention was deemed necessary to spur him to greater activity and loyalty in behalf of his political masters. Being of such prominence, Mr. Joseph reasons that he was entitled to unanimous Republican support for any old job he might desire, and particularly to the votes for confirmation of members of the senate of his own political faith.

Until Messrs. Love, Smith and Lawrence recently protested against the criticism they had leveled at the official organ of the Republican party, the state of Utah. Mr. Joseph had concealed his grievance against the trio. But since their protest against the official organ of the party, Mr. Joseph has been unable to keep his silence. He regards as enemies of the Republican party. It is expected that his formal charges will be filed this week with the county committee, and the county committee, after which the real trouble will begin.

BELIEVES PANIC
THING OF PAST

Chief Draughtsman of Denver & Rio Grande of Opinion That Worst Is Over.

Dan Hickey of Denver, chief draughtsman of the engineering department of the Denver & Rio Grande, is in Salt Lake visiting his parents, Mr. and Mrs. John Hickey. Mr. Hickey is of the opinion that the financial panic, in so far as it affects the railroads, is a thing of the past.

There is no denying that the financial troubles were more severe on the railroads than on any other industry, said Mr. Hickey. The railroads did not anticipate the trouble and were expending all of their money for improvements. For this reason when the blow came they were ill-prepared to meet it. For several months all of the roads have been curtailing expenses in order that the roads might be able to pay their bills and keep solvent. Everything was done that could be done in this direction.

Railroad men at present are of the opinion that the worst has passed, and the engineering departments of the big roads are going ahead with plans for extensive improvements. The Denver & Rio Grande system has weathered the gale as well as any road and will be one of the first to get back to normal.

"The hardest blow that our railroad has felt was the closing of the mines and smelters in Utah. The indications are that these industries will recover, and, of course, our road will be materially benefited thereby. I have just returned from a trip to Tintic, and I believe that the operators in that district will be ready to resume shipments on a large scale as soon as the smelters are reopened. There is any amount of ore in sight, and if the shippers are assured that the price of metal will not go lower, they will resume the shipments. The all-absorbing topic of public interest is the coming national Democratic convention. The opinion prevails in Denver that Mr. Bryan will be nominated on the first ballot as the Democratic candidate for president, but that Johnson will run well. If Bryan defeated this fall it seems to be the impression that John A. Johnson will be the party's policy in 1912, although at present he is not sufficiently known to cause his candidacy to meet with enough favor to nominate him."

COMMITTEES FOR DANCE.
Spanish War Veterans Plan to Hold a Ball.

Wedgwood and Fitzgerald camps of United Spanish War Veterans will give a big dance at the Grand ball, Pierpont street, April 23. The committees will give it as follows:

Arrangements—Eddy, Clarke, Price, Granger and Hyde, Wedgwood camp; Tolles, Berry, White, Good and Farrell, Fitzgerald camp.

Entertainment—McGinty, Slater, Lamar, Holbert, Johnson, Price, Young, Gregory, Wedgwood camp; Sayer, Bradley, Briner, Jones, Yapp, McAndrew, Kelsch and Riley, Fitzgerald camp.

Decorations—Eddy and Price, Wedgwood camp; Berry and White, Fitzgerald camp; Floor—Foreland, Grundvig, Jarvis and Eddy, Wedgwood camp; White, Berry, Tolles and Farrell, Fitzgerald camp.

The committees will meet Tuesday night of this week to complete all details, and the dance, which will be the last of the season by the veterans of the late war, is expected to bring out a big crowd.

KLEPTOMANIA IS DISEASE AMONG WOMEN EXTREMELY HARD TO COMBAT

Managers of Department Stores Experience Great Difficulty in Preventing Petty Thefts by Shoppers Who Cannot Resist Temptation to Steal.

Kleptomaniacs have been much talked of since Chief of Police Pitt laid the Boyd Park jewelry robbery at their door. But it is the general opinion that unfortunately with manias for stealing did not plan the carrying off of the tray containing \$2,500 worth of diamond and pearl studs.

While there are in Salt Lake, as in all other large cities, persons connected with respectable families who are guilty of petty thefts in the large downtown stores, it is not believed that such persons possess the finesse or the daring to commit a bold robbery such as the Park jewel theft.

A man connected with one of the department stores in discussing kleptomaniacs, said: "I have worked in several large cities and find the conditions the same almost everywhere. Therefore, what I am going to tell you about pilfering women does not apply solely to Salt Lake, but to Denver, San Francisco, Chicago, New York, and, in fact, every city that is large enough to be blessed with all of the vagaries of human nature."

Cannot Resist Theft.

"There are women who cannot resist the temptation to pick up small articles left lying upon the floor. Sometimes such women will take articles of considerable value. As they are usually women of respectable positions in the community, our work is solely to prevent their yielding to temptation. To this end we carefully watch the counters on which articles are displayed, and if we see a 'kleptomaniac' covertly pick up something, we promptly tell her the price. It is then returned to its proper place. Unless the woman sees fit to buy it, and no harm is done. The woman goes away with a vague feeling that her weakness has been discovered, but as her neighbors never hear of the incident, she, along

with her husband and children, escape the shame that would have resulted from an arrest."

Many Are Spared.

"Now, I admit that we are not solely concerned about sparing the 'kleptomaniacs' humiliation. Were it not for hard-working husbands and innocent children such women would richly deserve harsh measures, as I am not a believer in the theory that they are unable to resist the desire to carry off things that they are not willing to pay for. Our studied efforts to avoid exposing 'kleptomaniacs' is due to a desire to protect innocent women from unpleasant experiences. There are hundreds of women who go shopping without an evil thought in their minds and without an idea that any person would suspect them of wrongdoing. Such women think nothing of picking up articles from a counter, and, if it were our custom to seize 'kleptomaniacs,' there would be the danger of some day seizing an entirely innocent woman. Such a thing would be so horrible that even to think of it makes a man feel 'creaky.' For that reason, we watch for the 'kleptomaniacs,' and, unless we are sure that they are professional thieves, let them go when we detect them."

Woman Protects Woman.

"So, you see, the good little woman steps in to protect the bad little woman. There have been serious losses at several of the large stores during the past few days. These losses were due to the pilferings of 'kleptomaniacs,' but to the work of skillful crooks. Probably they were members of the band that committed the Park jewelry robbery. These criminals, without doubt, traveled with baggage and stopped at good hotels. When they left in the morning, their bags were probably packed in the bottoms of their trunks."

BACKS OPPOSE ALDRICH BILL

Officials of Local Institutions Do Not Believe Measure Would Give West Relief.

AMENDMENT IS POSSIBLE
ALTERATIONS OF A MATERIAL CHARACTER NECESSARY.

A well defined opposition to the enactment of the Aldrich currency bill into law exists among Salt Lake bankers. The general trend of opinion is that the legislation proposed will not afford suitable relief and that the bill in many ways is vicious.

The provision allowing the issuance of currency on approved bonds does not meet with favor, as the relief which this will afford, it is thought, will be insufficient for emergencies.

W. S. McCormick, in commenting on this phase of the question, said that bonds of the approved order entitle the holder to just as much consideration during a time of financial stringency as at any other time and that nothing would be added to the wealth available should the currency be issued against such securities, which are just as valuable as a medium of exchange now as if the proposed plan should be adopted.

No Relief for West.

Most of those talked with by The Herald see no relief for the west in the passage of the Aldrich bill and see no apparent advantage to the country at large. Following are some of the opinions.

W. S. McCormick, in commenting on this phase of the question, said that bonds of the approved order entitle the holder to just as much consideration during a time of financial stringency as at any other time and that nothing would be added to the wealth available should the currency be issued against such securities, which are just as valuable as a medium of exchange now as if the proposed plan should be adopted.
